

HEY TUCK! GRAB YOUR SKATES!

YOU KNOW I DON'T OWN A PAIR OF SKATES!

HEY, WAIT A SEC.

I DON'T OWN SKATES, BUT I DO OWN A SKATEBOARD.

TUCKER GOES INTO DEEP THOUGHT.

IF I USE THE FOLLOWING MATERIALS...

THREADED ROD

DRILL

4 PIECES OF STEEL
2" x 8" x 1/8" THICK

16 NUTS
TO FIT THREADED ROD

WRENCH

...I CAN MAKE AN ICEBOARD! IT'LL BE THE GNARLIEST THING ON ICE. FIRST, I GOTTA GET THESE WHEELS OFF. THEN...

ASSEMBLE BLADES TO TRUCKS, USING RODS AND BOLTS.

...USING THE STEEL, CUT & FILE 4 MATCHING BLOCKS. THEN, DRILL HOLES.

USING THE FILE, SHARPEN EACH BLADE.....

JUST.... LIKE A GREAT SAMURAI!

THE MOST IMPORTANT ASPECT OF BUILDING AN ICEBOARD ARE THE BLADES. ALL THE BLADES EDGES NEED TO BE SHARPENED TO 90 DEGREES. SHARP EDGES MAKE YA GO FASTER AND TURN HARDER. SO GET FILING!

FILE

USE THE NUTS AND RODS TO..... ALIGN THE BLADES SO THEY ARE PARALLEL TO ONE ANOTHER!

ONCE YOUR DONE GET RAD ON THE ICE OR....

THE POSSIBILITIES ARE ENDLESS!!!
