

1 ROLL AN A-4 SIZE NEWSPAPER AND TAPE TO MAKE A CONE.

2 CUT POINTED END OF CONE TO FIT REEL.

3 FIX REEL TO CONE WITH CELLO-TAPE.

4 PLACE THE REEL IN YOUR MOUTH AND BLOW HARD.

5 THE TWO OPPOSITE SIDES OF THE CONE WILL COLLAPSE.

ACCORDING TO BERNOULLI'S LAW - HIGH SPEED AIR CREATES A LOW PRESSURE ZONE AND THIS COLLAPSES THE CONE.
